Windows 10 Pro x64 En-US Activated.iso 3.6 GB The Microsoft activated Windows 10 Pro v.1709 En-US (64-bit) should be the one that would be available to download for free by MS Store . The latest released version of Windows 10 is Windows 10 Pro 1709. This is a 64-bit edition of Windows 10. Windows 10 Pro v.1709 comes as a free upgrade from Windows 10 v.1607 to Windows 10 v.1709. This version of Windows is a new feature update for Windows 10 users. Microsoft: Windows 10 v.1709-upgrade eligible. After a free Windows 10 v.1709 upgrade, you'll automatically be able to get its major features. I would recommend Windows 10 Pro v.1709 for home users. All Microsoft's Windows 10 Editions are downloadable in English. If you want to download Windows 10 Pro v.1709, you can follow these 3 easy steps.Microsoft: Windows 10 Pro v.1709 Windows 10 Home is also available, which is a 32-bit version of Windows 10. The Windows 10 Home edition is not as robust as its Pro edition. One of the important reason why Microsoft decided to release Windows 10 Home is to cater to those who cannot use a 64-bit edition. Windows 10 Home is available for free, but if you would like to upgrade your Windows 10 Home to Windows 10 Pro, you will have to pay a nominal fee. You can also download Windows 10 Insider Preview Build 18332 from Microsoft Store. You can go to Windows Store app and download. If you are in a hurry, you can also download Windows 10 Insider build 18363. The latest build is Windows 10 Build 18365. Windows 10 Home download – Free . Need a Windows 10 Home download? The free Windows 10 Home is accessible online from Microsoft Store. The OS installation is not complicated and comes with instructions which makes it easy for anyone to download the Windows 10 Home Version 1709. Windows 10 Home v.1709 can be downloaded from the Windows Store and can be installed as an upgrade from any earlier edition of Windows 10. Windows 10 Home and Pro get updated to Windows 10 Creators Update in April. Windows 10 will be updated to Windows 10 v.1809 in August. I do not recommend Windows 10 Home edition because you need pro-capable hardware to run it. Windows 10 Home version cannot run the Full Microsoft Office suite.
